

Very special thanks to our generous sponsors/donors of food and drink for tonight's festivities. The following were front and center in ensuring this was a successful fundraiser for the Hoffman family:

Donelan's Midstate Meats

Todd Egizii—E & F Distributing

Stacey Burke

St Agnes Parents Club

Susan & John "Kunzie" Kunz

Thank you to everyone who helped make this happen ...from those on the informal planning committee to our volunteers this evening...from those participating in tonight's trivia contest to those helping set-up and clean-up...we couldn't have done it without each and every one of you!

Loving God,

We gather this evening as the community of faith that is St. Agnes, as family and friends, in support of one among us who is in need of our affection and prayerful support - Evan.

We pray for his Mom and Dad - Myra and Jeff. Surround them with the strength of your Holy Spirit, so that by their love they may continue to be medicine for the healing of their beloved son.

Bless our gathering this evening. May the support and good times had be a source of encouragement and blessing for his family.

May this gathering be a living sign of our love for our friend, Evan.

We ask this in the name of your beloved Son, Jesus. Amen.

Team Evan

I can't believe God put us on this earth to be ordinary.

-Lou Holtz

WELCOME TO ST AGNES PARISH & SCHOOL!

The response to our invitation has been tremendous! Evan's extended family here at St. Agnes has been overwhelmed by the outpouring of support for the Hoffman family. Because this is a special fundraiser for a cause that's very important to all of us, we have tried to accommodate everyone who wanted to participate. That may mean it's a little more crowded or congested than a typical trivia contest; however, we trust you'll be a little more forgiving and a little less competitive (HA!)

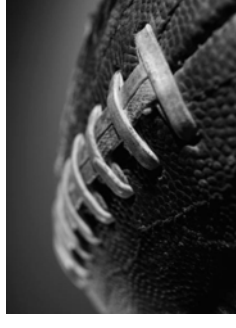

Evan Hoffman is an 11-year-old Sixth Grade student at St. Agnes. He was diagnosed with a rare childhood cancer called Rhabdomyosarcoma on June 22, 2008. Evan's tumor is located in the parameingeal area of his head, behind his sinus cavity near the right temple. Because the tumor is wrapped around the carotid artery surgery is not an option.

A delightful boy with a terrific sense of humor, Evan has already bravely endured 28 radiation treatments and is currently following a 52-week protocol of chemotherapy. Donations raised from tonight's event will help the Hoffman family with out-of-pocket medical expenses associated with Evan's treatment. More on Evan's story can be found at

www.weloveevan.com.

On behalf of the family and event organizers, thank you for your generosity and prayers.

50/50 TICKETS

We also are selling Evan's special 50/50 tickets.

\$1.00 each or 7 for \$5.00

Winner will be drawn tonight.

RAFFLES

We are selling raffle tickets tonight for some door prizes we've received. Tickets cost \$5 each or 5 for \$20. Please drop your tickets in the respective box(es) that correlate to the prize(s) you are interested in winning. You may place as many tickets as you wish in each of the boxes. There is no limit, so please feel free to buy as many tickets as you'd like!

MULLIGANS

Each team has the opportunity to purchase up to five (5) "mulligans" for their table. The mulligans cost \$5 each, and may be used one per round, in any round, in lieu of having an answer. Place the mulligan directly on the answer sheet on the respective blank instead of writing your guess, and it automatically will be counted as a correct answer and subsequently a point for your team. Please note: Each team may use a maximum of five mulligans total for the entire evening.

FOOD & DRINK

We have "tailgating" food available for purchase in the back of the room (the cafeteria). We are asking for \$5 per person to partake, and that entitles you to eat whatever you'd like (until the food runs out...when it's gone, it's gone!). We have bratwurst, hotdogs, chili, and a variety of other typical tailgating foods or snacks. We're also selling beer, wine and soda this evening.
